Kandha is KGT's US partner

By renewing our collaboration, KGT and Kandha deliver six integrated service areas — giving you a single, expert partner for every stage of your transformation.

Advisory Services

Helping leaders set priorities, make confident decisions, and translate strategy into an actionable roadmap and governance — so change delivers measurable outcomes.

Contingency Workforce

Scaling delivery capacity quickly with vetted talent across ERP (SAP, Oracle), CRM (Salesforce, Zendesk), and ServiceNow — from specialists to full teams.

Enterprise Learning

Building capability at scale with digital-first learning that fits into the flow of work — improving performance and reinforcing new ways of working.

Organizational Change

Driving adoption and sustained ways of working through practical change support — reducing disruption and helping teams realize value faster.

Operating Model Redesign

Aligning people, process, and accountability to your strategy — simplifying operations and improving speed, agility, and execution.

Program Management

Keeping complex programs on track with clear decision-making, proactive risk management, and transparent communication aligned to your goals.

A renewed partnership built on shared success — delivering more for you.

With KGT's added expertise, our clients now have a single partner for their most complex business transformations – from strategy through execution and beyond.
